START-A-FACTORY

HIGH-TECH FOR HARDWARE START-UPS

COLLABORATE TO CREATE!

Together, we turn your idea into a professional prototype within weeks.

In Start-A-Factory, hardware changemakers can test the implementation of their new products and develop the iterative processes needed for fullscale production.

Unique concept:

- Development workspaces: customizable, lockable, high-class equipment
- Prototyping line on industrial level
- Individual support of Fraunhofer IZM specialists
- Advice on value chain optimization
- Tangible results in record time
- Comprehensive process briefs at the end of your work at Start-A-Factory
